News Release

The Township of Edwardsburgh/Cardinal has recently learned that the Scott Road Landfill Site is near capacity.

A consultant has been hired to assist with transition from a traditional landfill to a transfer station. Further details will be given to residents as quickly as possible.

Council tightened the rules on the kinds of garbage to be accepted at the landfill site in 2011 and those rules will be strictly enforced.

Garbage in bags is not allowed – anything that can be put in a bag **must** be disposed of at curbside during regular weekly pickup using Township bags. No commercial or commercial construction waste is permitted. By-law 2011-07 is available on the Township's website.
